Dear Gale,

Hello from Sacramento City College! I hope you and your family have remained healthy during this past year, a year that because of the pandemic has certainly been among the most challenging most of us have ever experienced.

Indeed, the pandemic has impacted our students in many ways. In addition to experiencing the uncertainty of our campus closures and navigating the sudden move to remote learning, many students and their family members lost jobs this past year and the economic toll has been high. We have seen even greater rates of housing and food insecurity and homelessness than we usually do, and applications for emergency support have gone up dramatically.

That's why your scholarship support has been even more important in 2021—it **has been a beacon of light that has helped keep our students focused on their future and has helped them stay on the path to completion.** You are providing vital financial support to students in need, and you are rewarding students who have worked tirelessly to maintain their outstanding academics even in the face of the many challenges they faced.

In the 2021 scholarship season, Sacramento City College awarded **414 scholarships and more than \$302,000** to assist students in completing their educational goals. This was another record-breaking year, and this amazing support couldn't have come at a better time. Thank you!

Enclosed is a report on your scholarship(s) and on the students whose lives were directly impacted by your generosity. We have included a photo and biographical information in addition to their notes of gratitude.

Thank you again for your support and your investment in SCC's students. If you would like to reach me with questions or comments, please call 916-558-2198 or email austinv@losrios.edu.

Sincere regards,

Victoria Austin
